Selectboard, Town of Waitsfield
9 Bridge St.
Waitsfield VT 05673

Re: Waitsfield Community Solar Project

Dear Selectboard Members;

Please accept this letter of support for the proposed Waitsfield Community Solar Project located on town property at Tremblay Road. The Mad River Valley towns, including Waitsfield, have been at the forefront of energy generation and energy efficiency/weatherizing homes and town-owned buildings. Waitsfield's intent to generate sufficient power to offset consumption at the elementary school, new town office, General Wait House, Library and Fire Station are examples of its continued momentum of resource stewardship.

The Mad River Valley Chamber of Commerce is pleased to support this solar initiative. Thank you for your continued leadership in the management and stewardship of natural resources.

Sincerely,

A handwritten signature in black ink, appearing to read "Susan M. Klein".

Susan M. Klein
