## **REQUEST FOR PROPOSALS NEW TOWN OFFICE BUILDING ADDENDUM 1**

September 24, 2012

To all Bidders:

Acknowledge receipt of this addendum by noting it number and date on your fee proposal.

This addendum forms a part of the Request for Proposal and clarifies the following items:

1. As part of the Phase I services, include all work necessary to produce a topographic survey, with one foot contour intervals, of the 0.85 parcel known as Lot 5 of the Flemer & Compere Subdivision of Lands.
2. As part of the Phase I services, include all civil engineering services required to produce a schematic grading and utility plan for the proposed facility noting all proposed site improvements.
3. As part of the Phase II services, include the cost of additional test pit excavation and soil investigative work necessary to finalize the design of an on-site sewage disposal system to be located on Lot 5 or possibly the adjacent Lot 2 which is the recreational field that was gifted to the Town.
4. As part of the Phase II services, include all civil engineering services required to file for State review and approval of the on-site sewage disposal system and connection to the municipal water supply system.
