Less daunting

Jill Bobrow, Dana Jinkins and Deborah Wolfe / Concepts Publishing and Boat International USA and Bonnie Atwater / Atwater Design want to express our deepest thanks to all the people who came to our rescue after the flood.

Those who dragged our computers, printers, faxes, etc. out of the mud, those who sprayed off our equipment and hauled thousands of pounds of sodden books to the dumpster, those who valiantly tried to save our monitors and hard drives, those who dipped tens of thousands of transparencies into stabilizer solution, those who opened paperclips to hang each and every transparency clip to clip to dry, those who offered us advice and personal expertise, those who brought us lunches and dinners, those who are our close friends and colleagues, and those whom we had never met but who became our best new friends during a crisis.

Our problems have not disappeared; we have a lot of work ahead of us, but it's less daunting to move forward knowing we have the love, friendship and support from such an incredible community.
