

Scrag Forest Gateway Project Public Forum

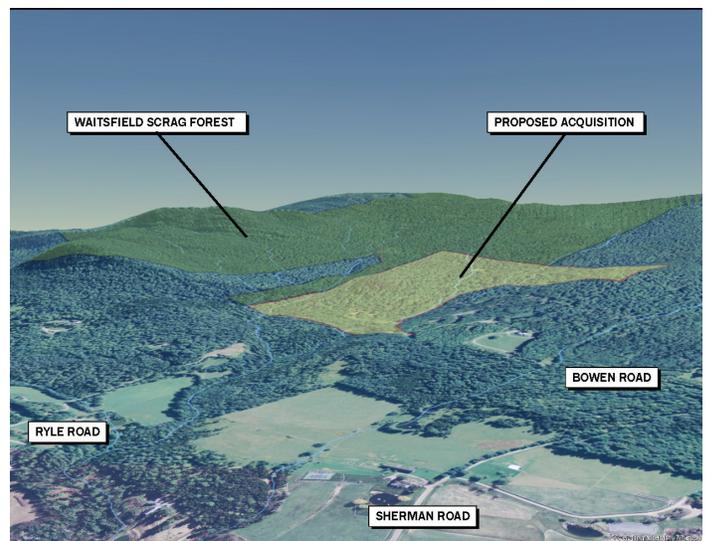

July 28, 6:30-9:00 pm
Waitsfield Elementary School
Refreshments served, all are welcome!

Looking for a place close to home to hike, ski, snowshoe,
hunt, bird and enjoy nature?

Join the Waitsfield Conservation Commission to hear about a one-time opportunity to add a critical 110-acre parcel to the Town's Scrag Forest.

This would enable the Town to:

- Permanently secure improved access for public recreation and forestry
- Keep important forestland undeveloped for wildlife habitat, ecological values, timber harvest, and public use.
- Expand and improve trails for residents and visitors of all ages
- Protect headwater streams for clean water quality and reduced flooding

**For more info, contact Waitsfield Conservation Commission Chair,
Phil Huffman, at 496-3490 or phil@madriverr.com**
